Sara Beth is scared to death to hear what the doctor will say.
She hasn't been well since the day that she fell.
And the bruise it just won't go away.

So she sits and she waits with her mother and dad.
And flips through an old magazine.
Til the nurse with a smile stands at the door.
And says will you please come with me.

Sara Beth is scared to death, cause the doctor just told her the news.
Between the red cells and white, something's not right.
But we're going take care of you.

Six chances in ten it won't come back again, with the therapy we're going to try.
It's just been approved it's the strongest there is.
I think we caught it in time; Sara Beth closes her eyes.

She dreams she's dancing around and around.
Without any cares and her very first love is holding her close.
And the soft wind is blowing her hair.

Sara Beth is scared to death, as she sits holding her mom.
Cause it would be a mistake, for someone to take
a girl with no hair to the prom.

Oh just this morning right there on her pillow
was the cruelest of any surprise.
Yet she cried when she gathered it all in her hands.
The proof that she couldn't deny; Sara Beth closes her eyes.

She dreams she's dancing around and around.
Without any cares and her very first love was holding her close.
And the soft wind was blowing her hair.

It's quarter to seven that boy's at the door;
her daddy ushers him in.
And when he takes off his cap they all start to cry
cause this morning where his hair had been.
Softly she touches just skin.

They go dancing around and around.
Without any cares and her very first true love
is holding her close.
For a moment she isn't scared....
