Subject: Deportation of Kimberly Rivera and her family!

Dear Canadian Minister Kenney & Prime Minister Harper:

The majority of Americans and their activists' organizations are against this U.S. unconstitutional & internationally illegal war in Iraq! The last presidential election has made that VERY CLEAR! We are now watching to see if popular sovereignty of the Canadian people will be allowed to **STOP THESE ILLEGAL DEPORTATIONS!** Judicial actions that involve the U.S. political branches (1st & 2nd branch) that fall under the territorial jurisdiction of the federal courts where the U.S. accuser has filed court-martial charges. Pursuant to USSC Case Law & relevant U.S. Codes that are residuals of U.S. Const. Amend VI, before these judicial deportations of irreparable harm may take place, the U.S. district federal judge requesting these deportations must have on the court's docket sheet, a notice of appearance of a federally U.S. appointed attorney representing Kimberly Rivera and her family. I doubt a federal judge has filed a deportation request or that Kimberly has any legal representation and that is so contrary to law that it STINKS and smells like a Military Dictatorship!

The illegal invasion of Iraq violated Article 33 & 37 of the United Nations Charter by interrupting the UN process by a treaty breach. U.N.C. Article 33 states, "1. The parties to any dispute, the continuance of which is likely to endanger the maintenance of international peace and security, shall, first of all, seek a solution by negotiation, enquiry, mediation, conciliation, arbitration, judicial settlement, resort to regional agencies or arrangements, or other peaceful means of their own choice. 2. The Security Council shall, when it deems necessary, call upon the parties to settle their dispute by such means." U.N.C. Article 37 states, "Should the parties to a dispute of the nature referred to in Article 33 fail to settle it by the means indicated in that Article, they shall refer it to the Security Council." President Bush told the U.N. Security Council, the U.S. Constitution and the American People to go and XXXX themselves; so why is the Canadian Government saying the same thing to their own people?

If this documented request for fundamental Civil Rights are violated while the Canadian Parliament looks on, the deportation of Kimberly and her family will be illegal as Canada knowingly has shielded Kimberly Rivera allowing her to firmly planted roots of life and now all of a sudden, Canada is throwing her and her family back to the wolves. This is wrong in any civil court as it is called (estoppel by laches) and (equitable estoppel)!

The violation of jurisdictional fundamentals is why all U.S. Resisting Soldiers of Conscience have no Bill of Rights as their reasonable doubt defense has constitutional dimensions invoking the "Federal Question" considered the most important exclusive subject-matter jurisdiction that the United States' constitutional framers have entrusted to the U.S. federal courts pursuant to U.S. Const. art. III, §2, cl. 1 as confirmed by 28 U.S.C. § 1331.

There are millions of anti-war activists begging you to **STOP THESE ILLEGAL DEPORTATIONS!!!**
