Girl, your daddy's knocking on your door, I hear
your footsteps on the floor to me, stumbling back
to your room. Pain, it is a thing I can't explain. I only
feel it when you go away; waiting for you to return.

Don't fight it if it feels good -don't fight it girl-
You hide it but you never should -don't hide it-
Don't listen to the voices in your head, what are you and me
but monkeys in a tree, it's only natural; Na-Na-Na-Natural.

Hey, I know your mother's off at work. You say your
Daddy's such a jerk to you. Why can't they just all fade away.
Girl, is that the way it's going to be. I'm only happy
when you're down on me, you can be my honeybee.

Don't fight it if it feels good -don't fight it girl-
You hide it but you never should -don't hide it-
Don't listen to the voices in your head, what are you and me
but monkeys in a tree, it's only natural; Na-Na-Na-Natural.

Buddy, Buddy, Buddy, Buddy, Buddy, Buddy.....
Buddy, Buddy, Buddy, Buddy, Buddy, Buddy.....
Buddy, Buddy, Buddy, Buddy, Buddy, Buddy.....
Buddy, Buddy, Buddy, Buddy, Buddy, Buddy.....

Don't fight it if it feels good -don't fight it girl-
You hide it but you never should -don't hide it-
Don't listen to the voices in your head, what are you and me
but monkeys in a tree, it's only natural, it's only natural,
it's only natural, Na-Na-Na-Natural.

It's so natural –don't hide it- It's only natural –don't fight it-
Ah baby..call it natural...oh it's only natural.
Is it the color of your hair, is it the silly way you stare.
It's only natural..don't fight it girl... It's only natural..don't fight it girl...

Don't fight it girl-Don't fight it girl-Don't fight it girl- Don't fight it girl
