saying the same
thing

Somewhere between prayer and revolution between
Jesus and Huey P. Newton that's where you find Johnny
5 shoot shooting water guns at the audience while
you're a scoot and your beauty is max due to the fact
that everyone's tooting on the horn going to warn you

that I'm rooting for the other team in the culture wars

so I stab the beast belly as the vulture snores yo joe

let it blow with convulsive force til walls fall off their false supports

til Jericho's aircraft carriers alter course and all brave young

Americans are called ashore cause we've already lost the war they

keep waging splattering the streets in battles that keep raging

bloodying each page of the story that we're studying each day

the same just the names keep changing saying the same things

over again repeating the same slogans we don't know where

we've been we've been all over the globe on our government's

funds leaving man woman and child dead bloody and numb

saying the same things over again repeating

the same slogans we don't know where we've been

we've been overthrowing leaders with legitimate views

democratically elected but we didn't approve how many times

can the line divide how many wars to uphold your pride

the fears uncontrolled just swoll the tide of blood in the streets

while the people die I'm a keep on trying long as suffering

is multiplying and why not the souls getting tossed and left out

to rot my backs broad enough to help lift your cross as long as

you help with mine the process of healing will take some time

to see the pain in your face is the same as mine it's not a game

or a race but the stakes is high we maintain our mistakes for
the sake of sides as long as it takes I'll say it one more time
as long as it takes I'll say it one more time as long as it takes
I'll say it one more time saying the same things over again
repeating the same slogans we don't know where we've been
we've been all over the globe on our government's funds
leaving man woman and child dead bloody and numb saying
the same things over again repeating the same slogans we don't
know where we've been we've been overthrowing leaders with
legitimate views democratically elected but we didn't approve
(same thing) U.S. is not us (same thing) and us is not we (same thing)
and we are not satisfied (same thing) we're tired of the
same thing (same thing) and we're ready to make change
(same thing) are we ready to make change we want
money for healthcare and public welfare free Mumia and
Leonard Peltier human needs not corporate greed

saying the same things over again
